

This is an Arrowhead Elementary PTA sponsored program

After School Science

Help your child get in the mood for the upcoming Science Fair (March 16) or simply help your child learn science in a fun and engaging manner! Mad Science is coming back to Arrowhead for 2 six-week sessions on Wednesdays from 3:40 – 4:40pm in Room 603. The first session begins Wednesday, February 24th. The theme will be Science of Senses. ***Class size is limited so registrations will be accepted on a first-come, first-served basis. Enroll online for immediate placement.*** See the reverse side for a description of class topics and registration instructions.

Parent Permission Slips: After registering your child with Mad Science, please be sure to use the required permission slip below to inform the office of your child's participation in the class.

Snack: It is a good idea to send your child with an extra snack to eat between 3:30-3:40 while waiting for the session to begin.

Scholarships: Scholarships may be available for this class through the PTA. Contact PTA treasurer Erin Person at e.person@comcast.net or 425-483-7396 for a confidential application.

PTA Contact: A PTA representative will be in the session at all times. Should you need to contact the afterschool science PTA chair prior to or during a class for any reason, please contact Angela Cummings at 206-819-0660 or acummings@caci.com.

Additional Questions: Questions regarding registration including refund policies or class content should be directed to Mad Science of King County at (425) 556-0800.

Special Notes: Please be aware of the following Mad Science policies.

- Mad Science will not dispense or employ any medication. No medication is to be left in the room with the Mad Science employee or child. *If your child requires medication and you would still like your child to attend, please contact Angela Cummings at acummings@caci.com or 206-819-0660 to discuss options.*
- There is no class on scheduled holidays. If a class is canceled/not held for any reason, a make-up day will automatically be added to the end of the session.
- Children ages 5-12 may be in the same classroom due to our inquiry-based learning approach. We will divide the children up by age if enough children sign up to warrant a second class and the school has a second classroom available.
- An alternate topic may be substituted without notice.
